HOMESCHOOLING PARENT**

Welcome

Thank you for coming to this special church curriculum web site. We have endeavored to put together many suggestions on teaching the pro-life message whether you are a Sunday School Teacher, CCD or Confirmation Teacher, Youth Leader, Christian School Teacher, Homeschooling Parent or a parent/grandparent. We all have children and young people in our lives who need to hear and learn the pro-life message. It is an exciting message as we are all made in God's image, God hears our prayers and we can have an impact on future generations. God bless you as you reach out to impress on young minds the importance of all life – born and unborn.
